TULSA SPCA ENGRAVED-TAG ORDER FORM

INSTRUCTIONS:

1. Decide on a tag style (circle color choice, if applicable).
2. Fill in the tag template with the information to be printed on tag front (and back, if desired).
3. Enter the type style you prefer in the box at the top of the template you are using. **NOTES:** The more lines and info per line used, the smaller the text on the finished tag. Text is automatically centered and enlarged to fit the finished tag. Unless otherwise indicated, text will be printed in upper case letters. (The **Script** font will be engraved in both upper and lower case only.) We recommend the **iMARC Block** or the **2L Century** fonts when engraving several lines of important information that needs to be easily read. Using other fonts could result in text that is difficult to read.
4. Circle your fastener choice (located below final template) - split ring or S-hook.
5. PRINT the name and address to which the tag(s) are to be mailed.
6. Mail the completed form with your **check for $6 per tag** (DO NOT SEND CASH), **payable to 'TSPCA Auxiliary'** to:

Becky Robbins
3532 South Granite Avenue
Tulsa, OK 74135-5254
